Dear Mr. Moeller,

Re: Mining and Reclamation Plan, M/045/019, Tooele County Utah

Enclosed you will find a Notice of Intent and Mining and Reclamation Plan, form MR-MO. We have prepared most of it for you. Please note the asterisks throughout the document. They denote areas where you will have to provide the information, if it is available.

We have left item #14, page 6 blank. If you plan to pump water from the pit area an NPDES permit must be obtained from State Health's Bureau of Water Pollution Control. Item #14 should be filled in according to your intention.

We will be granting a reclamation variance relative to topsoil and revegetation. This is explained in Section I of the plan.

If you have further questions or you would like to schedule another meeting please notify us.

Sincerely,

Holland Shepherd
Reclamation Soils Specialist
